

Inuit Knowledge Holders

NMS - April, 2023 – Iqaluit Manasee Ulayuk, Community Relations Manager, Community & Strategic Development

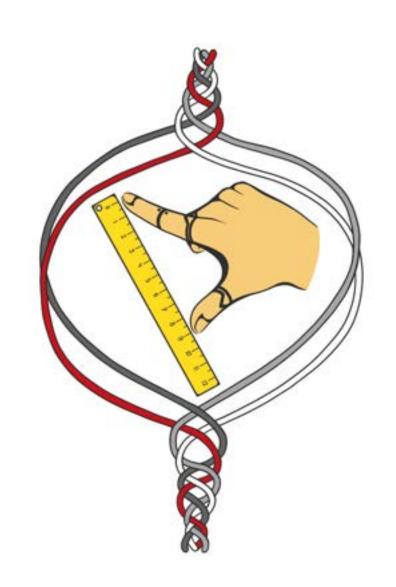

Who I am...

- Baffinland's Community Relations Manager
- Based in Sanirajak
- 8-years with Nunavut government
- Parish Priest with Nunavik community of Inukjuak
- Oversaw 6 other parishes in the region
- Hopes to improve communication and informationsharing between Baffinland and the communities
- Believes it's important to give both sides a voice

Inuit Knowledge Holders & Community Relations Guides

Inuit Knowledge Holders (IKH)

- Grounded in Inuit ways, customs, and traditions.
- They share their knowledge with Baffinland teams and offer invaluable guidance, to ensure the company continues to provide tailored, relevant and culturally appropriate services in their communities.
- They will also contribute to the review and development of the Inuit Qaujimajatuqangit (IQ) management framework.
- They will also support a continuous integration of Inuit Qaujimajatuqangit in all of our operations and interactions.

Community Relations Guides (CRG)

- Skilled in harvesting, have a deep understanding of local wildlife, in addition to having knowledge and perspective on the socio-economic state of their community.
- They will provide advice to Baffinland to enhance effective community relations, liaising directly with residents of their community to discuss any concerns, and responding to questions about Baffinland's operations.
- In concert with Knowledge Holders, they will pass on what Elders have shared with them over the years, in relation to a variety of environmental and wildlife topics, as well as people, careers and training activities.

IKH & CRG Early Successes

 Baffinland has already incorporated input from our Inuit Knowledge Holders into our caribou surveying.
