Nunavut Map Selection Project Update

Presented by: Anna North, Mineral Rights Specialist and Project Manager

Northern Petroleum and Mineral Resource Management Directorate
and
Nunavut Regional Office
Northern Affairs Organization

April 2014

Canada

Introduction and What's New

- Nunavut Map Selection project 50% complete
- Nunavut Mining Regulations came into force on March 31, 2014
- Release 1 of web-based solution for AANDC Mining Recorder in Iqaluit as of March 31, 2014

Nunavut Map Selection Action Plan

- **We want you** to provide input on the proposal to amend the new *Nunavut Mining Regulations!*
- How can I provide input?
 - Workshop on Wednesday, April 9 at Building 918 (next to curling arena)
 - Any time during Symposium
 - *Canada Gazette I* – expect to pre-publish in Fall 2014

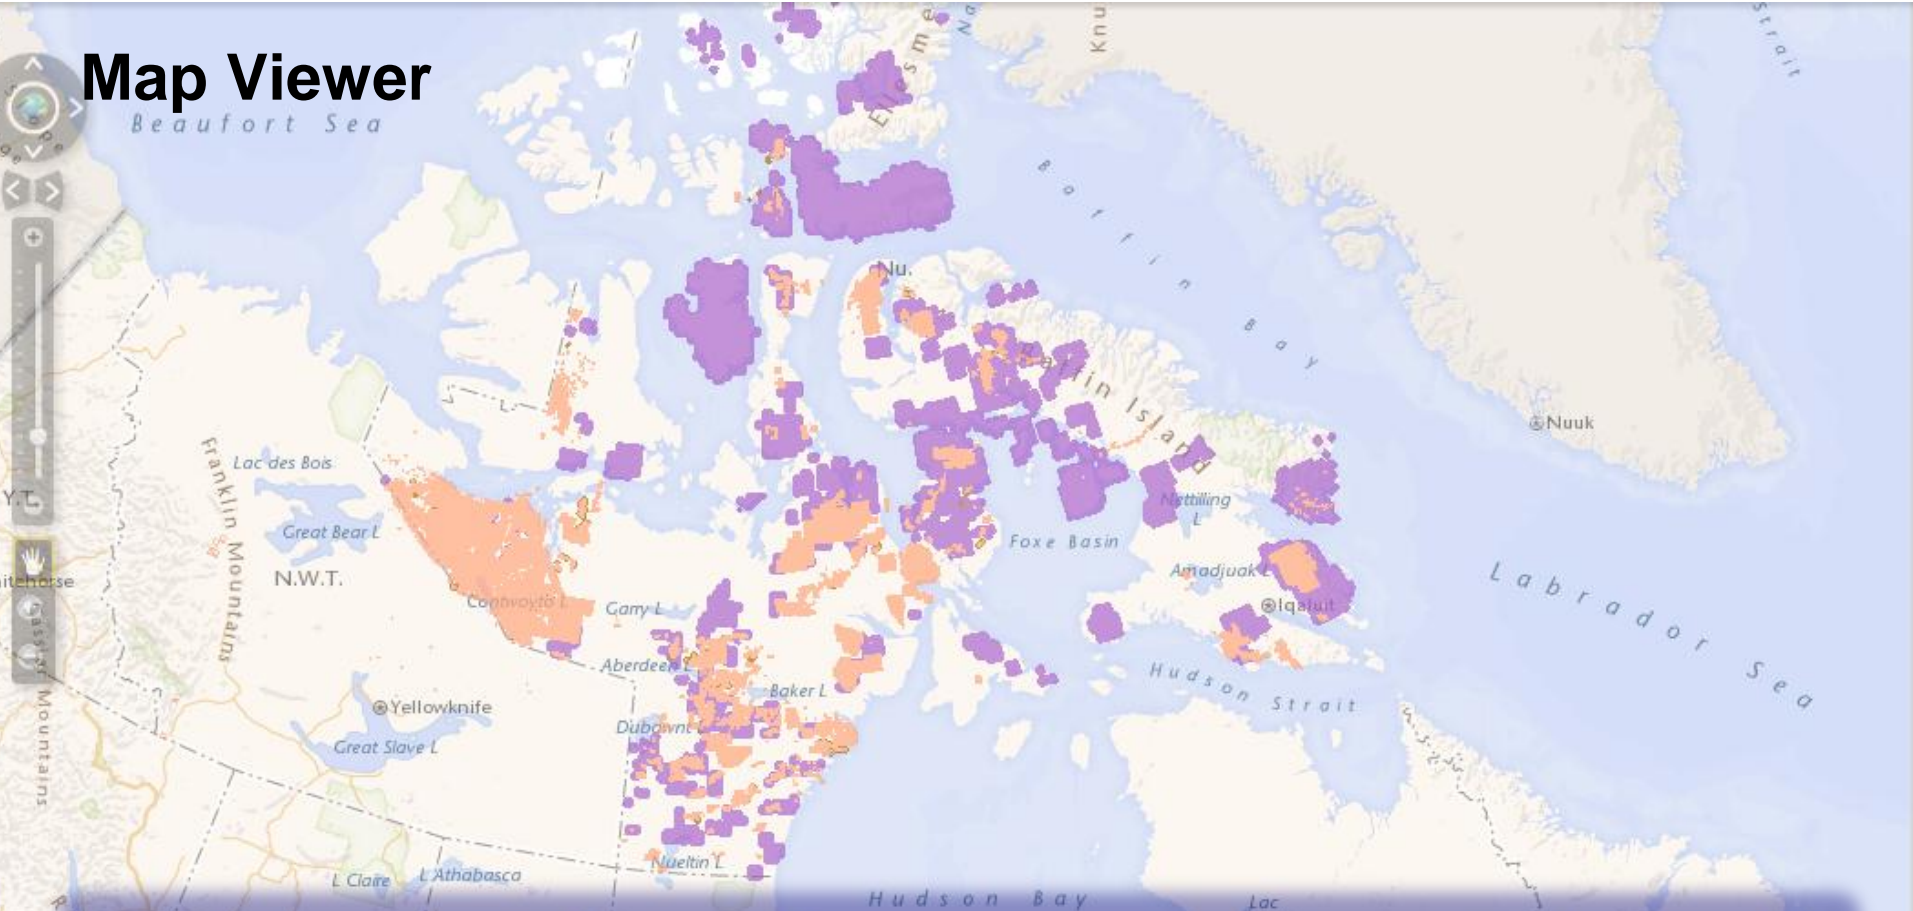

Is anything changing soon?

- ✓ Roll out a ***NEW*** Nunavut Map viewer
- ✓ Expect to see your claims, leases and prospecting permits with the proposed grid!

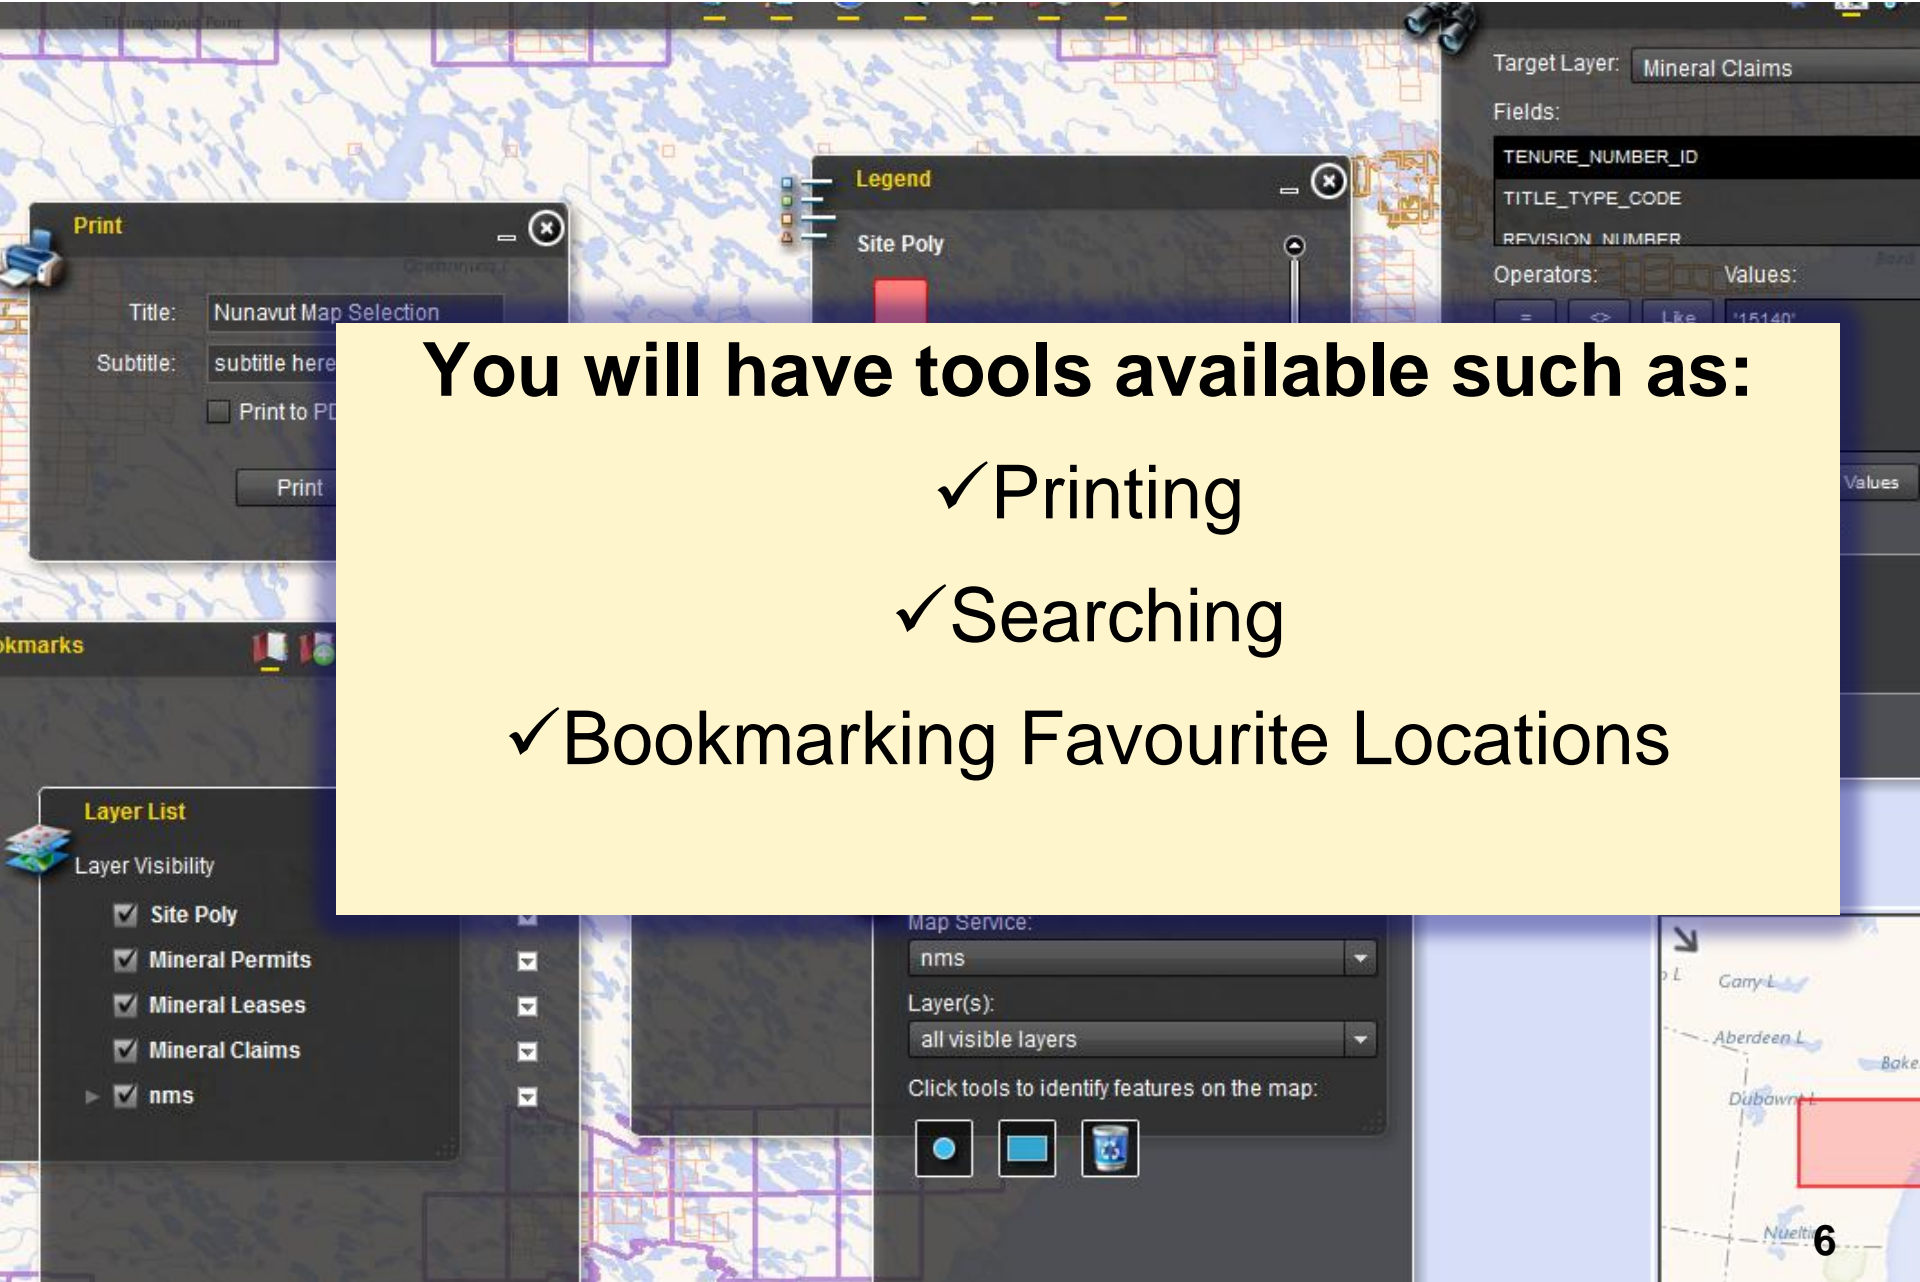

Map Viewer

What will it look like?

✓ The Nunavut Map Viewer will look similar to our test viewer.

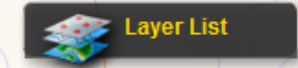

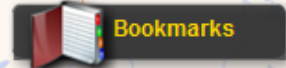

You will have tools available such as:

- ✓ Printing
- ✓ Searching
- ✓ Bookmarking Favourite Locations

Nunavut Map Selection Action Plan

KEY PROCESSES TO THINK ABOUT

- ✓ **Proposed grid – based on *Canada Oil and Gas Land Regulations***
- ✓ **Converting your current mineral claims, leases and prospecting permits**
- ✓ **Staking mineral claims between April 2014 and June 2015**
- ✓ **Moratorium on staking for 90 days to complete conversion**
- ✓ **Proposed work requirements**
