HOW CLIMATE CHANGE AFFECTS YOU AND WHAT YOU CAN DO ABOUT

Climate change is happening, and the effects in Nunavut are more noticeable than in other places around the world. The Nunavut Climate Change Centre helps Nunavummiut learn about Arctic climate change, and how they can engage and adapt. Here is an overview of climate change in the Canadian Arctic, and opportunities to get involved and explore the

? ASK AN EXPERT

Have a question you don't find answered in our FAQ? Then ask one of our climate change experts and we'll do our best to ensure you get an answer.
